

Term: Place

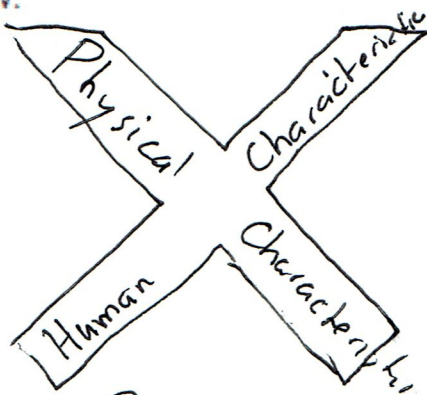

My Understanding: 1 2 ③ 4 5

Description (in my own words): What's it like there?

A. Physical characteristics (landforms, bodies of water, climate, soil, natural vegetation, animal life)

B. Human characteristics (population density, languages, religion, culture, political systems)

Draw:

Origins:

Greek

plateia hodos

means: broad way

Example: Physical - Houston is very flat because it is on the Gulf Coastal Plain

Human - Houston has developed a car culture and we are very spread out.

Historical Significance: If the Greeks had a word for it they were obviously thinking about it.

Why is this Term Important?: Being able to see the differences and similarities between two places helps to understand them.
